

CoCoRaHS Network Training

Community Collaborative Rain, Hail, and Snow Network

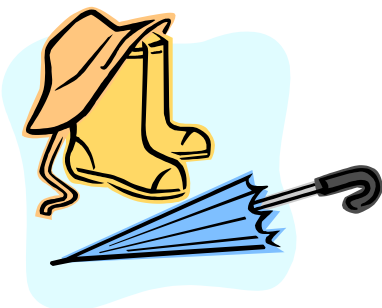

The Community Collaborative Rain, Hail and Snow (CoCoRaHS) network is a grassroots national program of backyard weather observers of all ages and backgrounds working together to measure and map precipitation (rain, hail, and snow) in their local communities. Observers are required to purchase and use the CoCoRaHS standard four-inch diameter rain gauge to measure precipitation.

Come and participate in a training through the National Weather Service:

Date: Thursday, July 17

Time: 6:30 - 8:00 pm

Place: Grundy County SWCD Office
3605 N Illinois Rt 47, Morris
